This section presents you various set of Mock Tests related to **JSP Framework**. You can download these sample mock tests at your local machine and solve offline at your convenience. Every mock test is supplied with a mock test key to let you verify the final score and grade yourself.

JSP MOCK TEST II

Q 1 - Which of the following attributes are mandatory in `<jsp:getProperty />` tag?

- A - name, property
- B - type, id
- C - name, type
- D - id, property

Q 2 - Which of the following attributes are mandatory in `<jsp:setProperty />` tag?

- A - name, property
- B - type, id
- C - name, type
- D - id, property

Q 3 - Which of the following attributes are mandatory in `<jsp:useBean />` tag?

- A - id, type
- B - id, class
- C - type, class
- D - type, property

Q 4 - Which of the following are the valid scopes in JSP?

- A - request, page, session, application
- B - request, page, session, global

C - response, page, session, application

D - request, page, context, application

Q 5 - Which of the following is true about request scope?

A - Object created with request scope are accessible only from the page in which they are created.

B - Object created with request scope are accessible only from the pages which are in same session.

C - Object created with request scope are accessible only from the pages which are processing the same request.

D - Object created with request scope are accessible only from the pages which reside in same application.

Q 6 - Which of the following is true about page scope?

A - Object created with request scope are accessible only from the page in which they are created.

B - Object created with request scope are accessible only from the pages which are in same session.

C - Object created with request scope are accessible only from the pages which are processing the same request.

D - Object created with request scope are accessible only from the pages which reside in same application.

Q 7 - Which of the following is true about session scope?

A - Object created with request scope are accessible only from the page in which they are created.

B - Object created with request scope are accessible only from the pages which are in same session.

C - Object created with request scope are accessible only from the pages which are processing the same request.

D - Object created with request scope are accessible only from the pages which reside in same application.

Q 8 - Which of the following is true about application scope?

A - Object created with request scope are accessible only from the page in which they are created.

B - Object created with request scope are accessible only from the pages which are in same session.

C - Object created with request scope are accessible only from the pages which are processing the same request.

D - Object created with request scope are accessible only from the pages which reside in same application.

Q 9 - Which of the following is true about language attribute?

- A - The language attribute indicates the programming language used in scripting the servlet.
- B - The language attribute indicates the programming language used in scripting the html page.
- C - The language attribute indicates the programming language used in scripting the JSP page.
- D - None of the above.

Q 10 - Which of the following attribute is used to have uncaught run-time exceptions automatically forwarded to an error processing page?

- A - error
- B - errorPage
- C - exception
- D - exceptionPage

Q 11 - Which of the following attribute is used to mark a page as error processing page?

- A - isErrorPage
- B - errorPage
- C - exception
- D - exceptionPage

Q 12 - Which of the following attributes are used in <jsp:include /> tag?

- A - id, type
- B - page, flush
- C - type, class
- D - type,page

Q 13 - Which of the following is not a jsp directive?

- A - include
- B - page
- C - scriptlet
- D - useBean

Q 14 - Which of the following is an implicit object?

- A - pageContext
- B - servletContext

- C - httpContext
- D - sessionContext

Q 15 - isErrorPage is by default true.

- A - True
- B - False

Q 16 - out is instance of which class?

- A - javax.servlet.jsp.JspWriter
- B - javax.servlet.jsp.PringWriter
- C - javax.servlet.Writer
- D - javax.servlet.jsp.Writer

Q 17 - application is instance of which class?

- A - javax.servlet.ServletContext
- B - javax.servlet.HttpContext
- C - javax.servlet.Context
- D - javax.servlet.Application

Q 18 - config is instance of which class?

- A - javax.servlet.ServletContext
- B - javax.servlet.ServletConfig
- C - javax.servlet.Context
- D - javax.servlet.Application

Q 19 - pageContext is instance of which class?

- A - javax.servlet.ServletContext
- B - javax.servlet.ServletConfig
- C - javax.servlet.jsp.PageContext
- D - javax.servlet.Application

Q 20 - Which of the following method can be used to read a form parameter in JSP?

- A - request.getParameter
- B - response.getParameter

- C - request.getValue
- D - response.getValue

Q 21 - Which of the following method can be used to read a multiple values with same name, for example check box selections?

- A - request.getParameter
- B - response.getParameter
- C - request.getParameterValues
- D - response.getParameterValues

Q 22 - Which of the following method can be used to read parameters names?

- A - request.getParameter
- B - response.getParameter
- C - request.getParameterNames
- D - response.getParameterNames

Q 23 - Which of the following method can be used to read binary data stream coming from the client?

- A - request.getInputStream
- B - response.getInputStream
- C - request.getInputStreamData
- D - response.getInputStreamData

Q 24 - What is true about filters?

- A - JSP Filters are used to intercept requests from a client before they access a resource at back end.
- B - JSP Filters are used to manipulate responses from server before they are sent back to the client.
- C - Both of the above.
- D - None of the above.

Q 25 - Where filters are defined?

- A - Filters are defined in the deployment descriptor file web.xml.
- B - Filters are defined in the jsp pages.
- C - Both of the above.
- D - None of the above.

ANSWER SHEET

Question Number	Answer Key
-----------------	------------

1	A
2	A
3	B
4	A
